

DECLARATION AND SOLICITATION

In view of my successful work on:

- (1) The circumspect extrapolation of Luganda verbal affixes,
- (2) The articulation of SI concepts in Luganda,
- (3) The Uganda correspondences of the biological Greco-Latin affixes and combining forms,
- (4) The Luganda bases for combining forms and
- (5) The compilation of a general – purpose Luganda-Luganda dictionary,

I am occasioned to declare that the Luganda language is now morphologically poised to articulate all human knowledge in an appropriate and acceptable manner.

Parallel to this declaration, I wish to appeal for monetary support so that the completion of the Luganda – Luganda dictionary may materialize as early as the year 2002.

E-mail: scbugand@infocom.com or postmaster@luganda.com
